RSIP Management Completes 2nd Capital Raise for Patent Litigation Finance

February 25, 2019 — RSIP Management, LLC (“RSIP Management”), an affiliate of Randolph Square IP, LLC (“Randolph Square”), is pleased to announce the completion of a capital raise for its second series of patent litigation finance funds. A group of institutional and high net worth investors subscribed to the funds which will enable individual patent holders or their companies to pursue claims against large corporate infringers. “The momentum we have maintained through our second raise is exciting,” said Ted Luse, CEO. “Less than a year ago, we closed on our first capital raise, and now we are considering our third.”

“Our ability to attract new investment opportunities, while managing the current funds, has made for a great beginning to 2019,” commented Rob Smith, COO. “We look forward to what the rest of the year holds.”

###

About Randolph Square: Founded in 2015, Randolph Square is an advanced, business analytics firm that “brings a capital markets approach” to a business’s intellectual property by providing customized reports and consulting with companies concerning strengths, weaknesses, and monetization opportunities of their patents and patent portfolios. Over the past three years, Randolph Square has advised law firms, universities, funds, corporations, patent holders, and the government. Based on its exclusive analytics platform, capturing 99% of the relevant registered patents worldwide, Randolph Square is able to provide its clients with Tier 1 reporting and pricing unmatched by other patent analytics companies.
